

A Bit About Us

Global Students Services, USA, Inc, has been dedicated to providing Homestays/Host Program Services, including ongoing Mentor & Guidance to international and domestic students.

We have developed a reputation for high standards, personal service and professionalism. Please refer to the testimonials.

The hosts role is to make the students feel comfortable, like they are part of the family, by opening their home & heart to students. You do not have to own a home to participate in this program, just have a nice, clean, comfortable home for the students. And home is where the heart is, by providing companionship, guidance, sharing life & experiences. For many students, this is the first time traveling abroad and maybe even being away from their families. Global Student Services will be involved for the duration of the service agreement by providing mentoring, guidance and liaison services for and between hosts & students as necessary. Our goal is to provide a wonderful life experience and memories & friendships to last a lifetime, for the students, hosts and Global.

The hosts feel as we do, that not only is it a great opportunity for them and their families to learn about other cultures and customs as well as sharing their own, but it also gives the host a new opportunity to see and appreciate our diverse city, customs and lifestyle through the eyes of a visitor.

This is a wonderful time for both the host and the students to 'Discover' new cultures. 'Learn' new ideas. 'Teach' each other and 'Accept' one another for who we are.

Making Memories & Friendships to Last a Lifetime
